primer_markdown

gonzalo

29/9/2020

Este es mi primer documento markdown estoy muy contento de haberlo entendio y poder hacer uno

R Markdown

This is an R Markdown document. Markdown is a simple formatting syntax for authoring HTML, PDF, and MS Word documents. For more details on using R Markdown see http://rmarkdown.rstudio.com.

Esta es una prueba

Esto es un comentario que lo escribio Gonzalo Quintero

```r
sample(1:100,10,replace = FALSE)
```

```
## [1] 94 40 41 27 64 59 29 98 57 16
```

Lo anterior es una muestra con 100, elementos donde elijo 10, elementos de la poblacion sin reposicion

When you click the **Knit** button a document will be generated that includes both content as well as the output of any embedded R code chunks within the document. You can embed an R code chunk like this:

```r
summary(cars)
```

```
##     speed           dist
## Min.   : 4.0   Min.   :  2.00
## 1st Qu.:12.0   1st Qu.: 26.00
## Median :15.0   Median : 36.00
## Mean   :15.4   Mean   : 42.98
## 3rd Qu.:19.0   3rd Qu.: 56.00
## Max.   :25.0   Max.   :120.00
```

Including Plots

You can also embed plots, for example:

Note that the `echo = FALSE` parameter was added to the code chunk to prevent printing of the R code that generated the plot.
